Love is swinging those South Side doors open wide,

Love is that Bulldog pride.

Love is helping out all around,

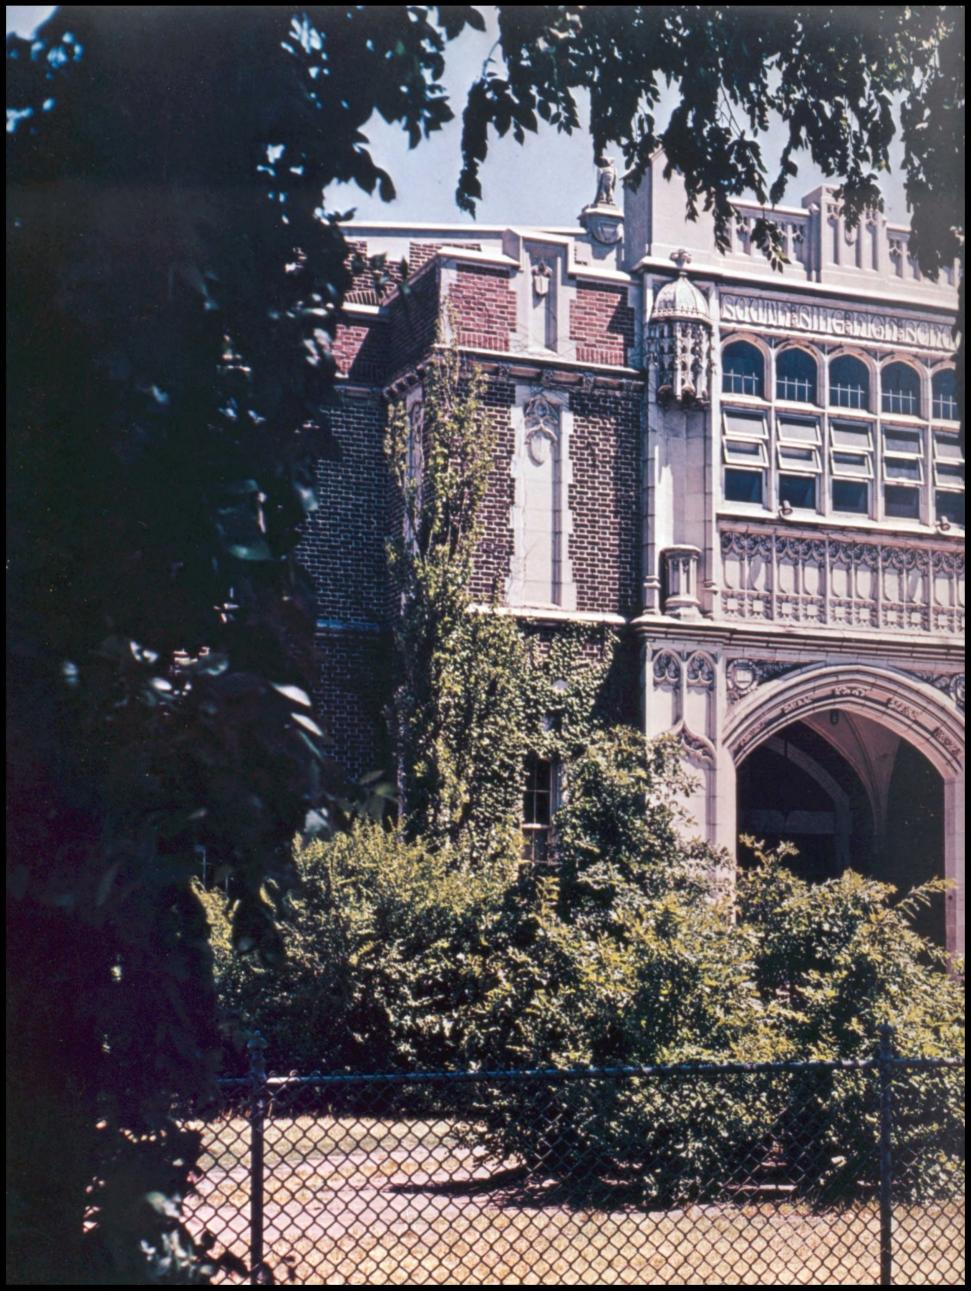

Love is watching the team make a touchdown.

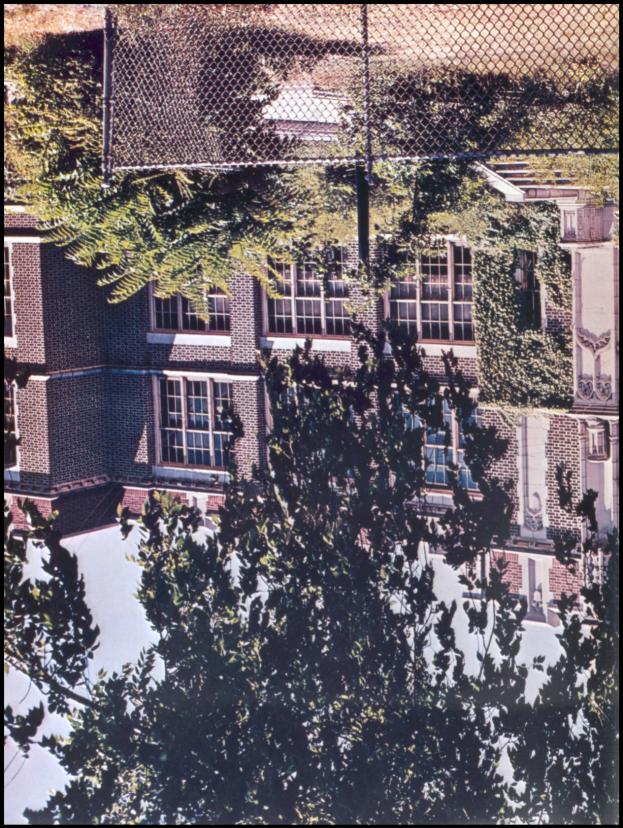

Love is learning many trades,

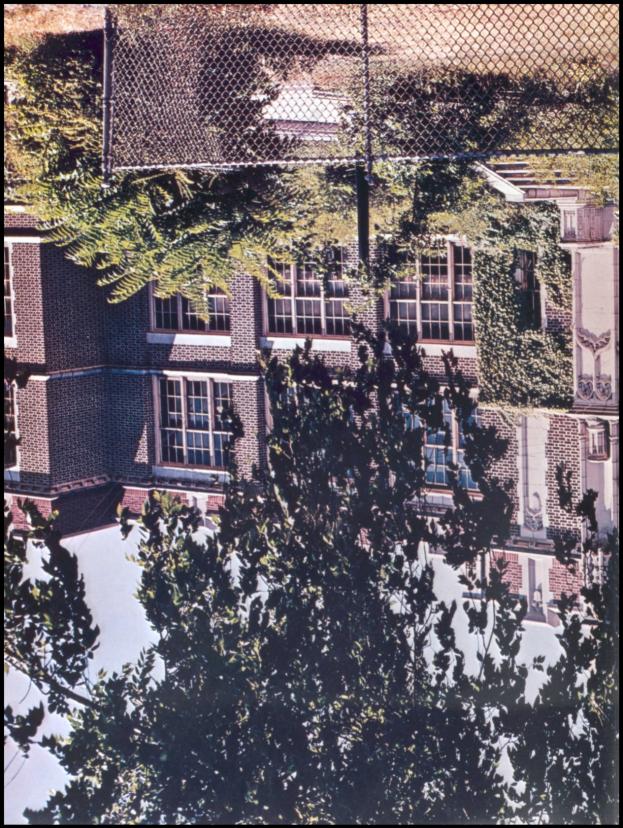

Love is passing all your grades.

Love is that special thing that can help achieve your occupational goals, Love is something very bold.

Love is the class of '71,

But most of all, Love is that Swinging Senior Soul.

DEDICATION

The year 1971 marks the year of success for any youth who wants it. Not least in the endeavors of this great state are its achievements in the field of education. From colonial times to the present day our state has been dedicated to the betterment of its citizens and to the advancement of culture and learning. As a part of that great forward movement in development and growth it seems fitting and proper that as citizens of today and tomorrow we too join the nation in the salute to Newark's first Black Mayor, Mr. Kenneth Gibson.

KENNETH A. GIBSON

MAYOR

NEWARK, NEW JERSEY 07102

November 9, 1970

Miss Cheryl Grant c/o Miss Lowe South Side High School Newark, New Jersey

Dear Miss Grant:

I am honored to be asked to contribute to South Side's yearbook. I would like to make the following dedication to you and your classmates.

My best wishes to the class of 1971. May you always walk tall and have the power to make your own future,

Sincerely,

KENNETH A. GIBSON

Dear '71 Graduates:

Every generation has its own crises, and your generation has had more than its share. You face still-unsolved racial problems, an unwanted and questionable war, the desecration of our cities, the pollution of our air, inequality and tremendous lacks in education, and many, many more social, economic, and political ills.

It is easy and tempting to succumb to frustration, bittemess, and self-pity; but yielding to this temptation does not create needed change. Sometimes the very adversity one faces can provide a challenge to overcome all obstacles.

Despair can turn to hope, failure to success, despondency to joy.

Though you may have sometimes faltered after entering our school, South Side did usher you into an exciting world of learning. Some of you may have been too untouched to notice its power and its magic. Those of you who were more fortunate have surely discovered that there is no substitute for reading, study, and inquiry.

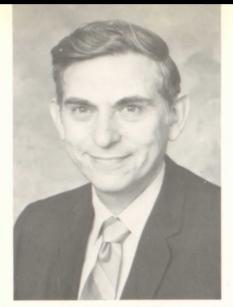

True joy in life comes mainly from stretching one's mind and from sharing experiences with others. A concern for learning, love, respect for human life, and vigorous activity to overcome adversity - these will bring you satisfaction and happiness.

May each of you find your way to a happy, satisfying, and adventurous future, built on the human values of love, labor, and peace.

Your friend,
Leo Litzky, principal

TWIRLERS

The 1970-71 Twirling Squad consists of 13 girls who have come to practice the entire summer to develop their basic skills in the art of twirling. Each girl possesses personality, sportsmanship, and an average scholastic grade. The three officers of the squad are: Captain Joyce Marshall, First Co-Captain Elanda Gore, Second Co-Captain Delores Ross, and the Majorette, Deborah Grant. This year the squad is under the supervision of Miss Joyce Turbinton, who was once a twirler in college. Watching the girls coming onto the field during each game, one can be sure they have practiced long and tedious hours in order to display before their audience such skill and creative control of their batons.
